The School has also devised Holiday Homework that is linked to the curriculum and is also creative. Do monitor the progress of your ward in completing the tasks given in various disciplines. Holiday time is for spending quality time with the your wards, with friends and family. There are plenty of productive ways that your ward can spend the vacation which can be fun, relaxing and helpful for his/her education.

We wish to imbibe in our students the willingness to spend their vacation well; making optimum utilisation of time, following their heart's passion and also at the same time enhancing their academic knowledge.

Some suggestions in this regard-

- Let your ward EXPLORE and participate in the Wonder that is Nature. Kindly take nature walks with your wards which lets your child explore the wilderness and discover fauna and flora of the place you visit during the vacation. Let him/her fill with wonder for God's bounties bestowed on us.
- Let your ward DISCOVER different cultures, traditions, cuisines, local crafts, etc. of places that you visit during the vacation. Make your ward note down fine details. It will become a cherished document a few years down the line.
- Expand Knowledge: Encourage your ward to pursue new hobbies, play games, learn to play an instrument, read newspapers and magazines to keep abreast with current happenings.
- Reading Makes a Full Man: Take your ward to Book stores and help them pick a book of their choice and help them acquire the habit of reading.
- Get your ward to spend some quality time with the extended family. Tell him/her the importance of relationships in life.
- Let your ward chalk out a timetable for his/her daily routine. Assist him/her and teach him/her to prioritize. Counsel him/her to devote some time to studies as well.

**THE SCHOOL WILL REOPEN ON MONDAY, THE 22ND OF OCT 2018.** We wish you and your wards a very rejuvenating vacation.
